QUOTE FOR THE MONTH

Believe in yourself! Have faith in your abilities! Without a humble but reasonable confidence in your own powers you cannot be successful or happy.

– Norman Vincent Peale

WIT AND WISDOM

- The seven wonders of the world. To see, to hear, to touch, to taste, to feel, to laugh and to love.
- At the end of the day what really matters is that your loved ones are well, you have done your best and that you are thankful for all you have.
- A good life is when you smile often, dream big, laugh a lot and realize how blessed you are for what you have.
- Your time will come. Trust the signs. Listen to your inner guidance for direction. Stay present and follow cues. Do not listen to everyone else's opinions and judgement - your own rhythm and time is everything.
- Help when you can. Be there when you can. Encourage when you can. A truly happy life comes from giving more than you take.
- To be beautiful means to be yourself. You do not need to be accepted by others. You need to accept yourself.
- If you are not willing to learn, no one can help you. If you are determined to learn, no one can stop you.

– Zig Ziglar

- Have patience and wait for the things you want most. Do not chase it. Do not run after it. If God wants you to have it, he will give it to you.
- Without respect relationships are lost. We are all different and if some can not value your differences and respect your values and beliefs, then they do not deserve a front row seat in your life.
- Never regret anything that has happened in your life, it cannot be changed, undone or forgotten so take it as a lesson learned and move on.
- The less you respond, the more peaceful your life becomes.
- Life is about balance. Be kind, but do not let people abuse you. Trust, but do not be deceived. Be content, but never stop improving yourself.
