## Glimpses of ISTE National Convention

## QUOTE FOR THE MONTH

Leadership is about building people up, not tearing them down, and helping people become the best versions of themselves.

— Anonymous

## WIT AND WISDOM

- Positive thinking will let you do everything better than negative thinking will.

— Zig Ziglar

- Whenever something bad happens, keep calm, take a few deep breaths and shift the focus to something positive.

— Roy T. Bennett

- Great things happen to those who don't stop believing, trying, learning, and being grateful.
- Personal development is a major time-saver. The better you become, the less time it takes you to achieve your goals.

— Brian Tracy

- Everyone has bad days. Do not give up. Pause. Rest. Reset. Restart. But never quit. Always pic yourself up and keep going.
- Do everything with a good heart, expect nothing in return, and you will never be disappointed.
- Strong women do not play victim, do not make themselves look pitiful and do not point fingers. They stand and they deal.
- Sometimes you just have to stay silent because no words can explain what is going on in your mind and heart.
- Those who keep learning will keep rising in life.
- Some people will judge you for changing. Others will celebrate you for growing. Choose your circle carefully.
- Notice how people change when they don't get what they want from you.
- Worry about your character, not your reputation. Your character is who you are. Your reputation is who people think you are.
- Forgive yourself for the choices you made when you did not know you had better options. Focus on growing and moving on.

## APPEAL TO CONTRIBUTE ARTICLES FOR ISTE JOURNAL

The ISTE is a peer reviewed Journal and recently **indexed in the UGC-Care Journal list**. The main task of the CARE is to improve the quality of research in Indian universities and to promote academic and research integrity as well as publication ethics. High-quality publications in reputed journals help in achieving higher global ranks and overall improvement of quality of education.

The contributors are expected to highlight various issues of Technical Education (incorporating disciplines of Engineering, Technology, Management, Architecture & Pharmacy, etc.) along with meaningful suggestions for solution, refinement and innovations.

### CALL FOR PAPERS

IJTE solicits paper and articles of original, principled research papers dealing with theoretical, methodological, empirical and application-related aspects of technical education. Papers must clearly demonstrate relevance to pedagogical techniques in the field of engineering and technology, Management studies, Pharmacy, Hotel Management and Information Technology.

All submissions should describe original and unpublished work. Research papers should describe results of systems development and/or empirical or theoretical analysis. A small number of "review paper", "survey paper" and "theme papers" will also be accepted. These should synthesize and examine broad issues in the field. Authors are encouraged to submit reports on work-in-progress as short papers.

All papers must be submitted to the editor by email along with an undertaking for the originality, IPR and copyright issues. The full details of the author and their home institution (if any) should be given for correspondence.

For any further clarifications regarding submission and status of the papers, may kindly contact to the following:
